Dear Pam and Bruce,

Public television inspires a special commitment in some of us. I want to let you know of a particularly important way to have that commitment recognized. KLRU TV-18 has opportunities to expand its role as a producer for public television and to expand its educational support role in Austin and central Texas. To position itself for these opportunities, KLRU needs a new, stable funding source.

After several years of consideration, KLRU has formalized a new group: THE KLRU PRODUCERS CIRCLE. This group will be an important link for both the long term financial planning for the station and for the base of support needed to go to the next level of community service. Those of us who help fund this major donors Circle with a gift of \$1,000 will be recognized as charter members. There are benefits associated with membership in CIRCLE, which take you behind the scenes of television production. We anticipate, however, that inspiration for membership will come from a vision of the importance of our public television station's role in the lives of Austinites and central Texans.

The enclosed fact sheet about your public television station indicates that the membership following KLRU has is commendable. It is because KLRU has a strong base that it is appropriate to go to this next stage in the station's development. Over the course of the next five years the development of a permanent endowment for the station is planned. The station wants to explore options for expanded production opportunities during this time-frame, as well.

I invite you to join with me in helping launch THE KLRU PRODUCERS CIRCLE. We will have a kick-off event early in the fall to celebrate the formal commencement of the Circle. A July mailing will be sent to selected leaders in Austin who we think might be interested in THE KLRU PRODUCERS CIRCLE.

When the mailing is sent, we want to have a strong foundation for the club in place. Those of us who become charter members by July 1 will lead the way for others. If you share this desire to see your public television station with a new financial support base for future planning, we hope you'll become part of the charter membership group and receive special recognition when the mailing is sent to others. Your participation, if you plan to join, will be meaningful in establishing THE KLRU PRODUCERS CIRCLE. Thank you for your generous consideration of this possibility.

Sincerely,

Pete and Tomi Winstead
